Puma Biotechnology Comment on Trading Activity

LOS ANGELES, Calif., May 17, 2013 – Puma Biotechnology, Inc. (NYSE: PBYI), a development stage biopharmaceutical company, has been contacted by the New York Stock Exchange regarding today's trading in the Company's common stock. It is the Company's policy not to comment on trading activity.

About Puma Biotechnology

Puma Biotechnology, Inc. is a development stage biopharmaceutical company that acquires and develops innovative products for the treatment of various forms of cancer. The Company focuses on in-licensing drug candidates that are undergoing or have already completed initial clinical testing for the treatment of cancer and then seeks to further develop those drug candidates for commercial use. The Company is initially focused on the development of PB272 (oral neratinib), a potent irreversible tyrosine kinase inhibitor, for the treatment of patients with HER2-positive metastatic breast cancer and non-small cell lung cancer.
